The Childs Home on Piedmont

This Mediterranean house and back yard have been designed to create a gracious family home. The kitchen, family room, and patio combine to create a perfect setting for entertaining. It provides urban living at its finest.

The Clizbe Home on Landon Court

This is a modern country retreat where the spectacular architecture belies the easy flow of the open floor plan. The home owners designed and built this home, then added comfortable furnishings. The back yard, with an entertainment area and a waterfall, creates a sense of ordered calm to the country retreat.

The Carlson Home on Shaker

The Grand Prize Winner of the Western Municipal Water District Water-wise Landscape Contest

This garden started as an ordinary green yard. The homeowners worked with a landscape artist to transform it into this California native and Mediterranean garden that is water-wise. It features a dry stream bed and a bench where one can enjoy a wonderful setting.

The Harfouch and Merrell Home on Elmwood Drive

When you combine the architecture of a Woods Street house with talented owners, you get a charming home. This Woods Street home is beautifully decorated with a Spanish motif. It is a showcase of how to combine old charm with a modern look.

The Kazala Home on Larchwood Place

This Craftsman home is a wonderful example of how one maintains original cabinets, closets, windows, and floors and enhances the home by designing an innovative kitchen. The combination of the old and new makes this home perfect for today's lifestyle.
